

Adaminaby Public School

School Plan

2012-2014

School context

Adaminaby Public School is located on the northern Monaro, in the Snowy Mountains, approximately 50 kilometres north west of Cooma. It is a small school which provides a wide range of experiences in all key learning areas with an emphasis on developing literacy and numeracy skills. The school provides education for students drawn predominately from the rural areas of the northern Monaro. There are a total of 15 families with 20 students enrolled in 2012. The school structure consists of one multi-grade class and two part time support teachers, along with a school administrative manager. The area is drought affected and enrolments have begun to decline. The school receives Country Areas Program funding which provides additional funding support for rural and isolated schools. From the beginning of 2010 the school received additional funding through the Low Socio-economic Status School Communities National Partnership (Low SES NP).

Priority Areas and Intended Outcomes (3 year horizon)

- Literacy – to continually raise the literacy standard of all students
- Numeracy - to continually raise the numeracy standard of all students
- Curriculum and Assessment - higher expectations of student performance leading to improved learning outcomes
- Student Engagement and Retention - focus on school culture and practice that respects and responds to every student's aspirations, culture, gender and learning potential
- Leadership at all levels - to build leadership capacity of all stakeholders

Targets

1. Maintain the number of students K-6 reading at or above grade level. (Baseline 83% - 2012)
2. To increase the number of students achieving at or above grade level in writing from 67% to 75%.
3. Individual Year 5 students will achieve at or above expected growth in Spelling and Grammar and Punctuation as measured by 2012 NAPLAN data.
4. Maintain the number of K-6 students achieving at or above year level (baseline 75%)
5. Individual Year 5 students will achieve at or above expected growth in overall Numeracy as measured by 2012 NAPLAN data.
6. All Teachers are aware of the national curriculum and have begun to prepare for the implementation.
7. Teacher's programs and practices will reflect effective implementation of all dimensions of the QT framework and include aspects of Consistent Teacher Judgement and effective quality feedback.
8. Maintain Student attendance rate at or above state average.
9. Skills and attributes of CAPA and PDHPE will be developed and evidenced in teachers programming.
10. Increase the number of families accessing the school's playgroup service.
11. Improved teacher and school leader capacity to support sustainable school improvement and student learning.
12. Increased parent involvement in whole school planning and evaluation.
13. Improved student leader capacity to advocate for their school community and contribute to promoting student engagement.
