We will be back at school before the school day finishes. Thank you to parents that have indicated they can help with transport.

Year 7 entry to Selective High Schools in 2012- Applications are required in November 2010 for parents who wish their child (currently in year 5) to be considered for placement in Year 7 at a selective high school for 2012. Parents with access to the internet are requested to apply online. This application will be available from 25th October to 22nd November, at www.schools.nsw.edu.au/shsplacement.
