

Principal's Message

We had a great day on the slopes last Friday. The weather was great and all of the groups had productive lessons. I spotted the first timers learning how to snowplough to stop. The green group were working on their snowplough turns. The blue group were being very adventurous and were zooming all over the mountain, doing great turns and the black group were spotted heading through the tress working on their short turns.

Our ski program also has other benefits as well as the obvious lessons on skiing technique, it also gives the students a great chance at practising their organisational skills and teaches them responsibility. Thank you to all of the parent helpers, as their help makes the day possible!

School Skiing Program

Our second skiing day is this Friday. As this is a whole school activity and all staff will be attending to assist with the program there will be no supervision for students at school who are not participating.

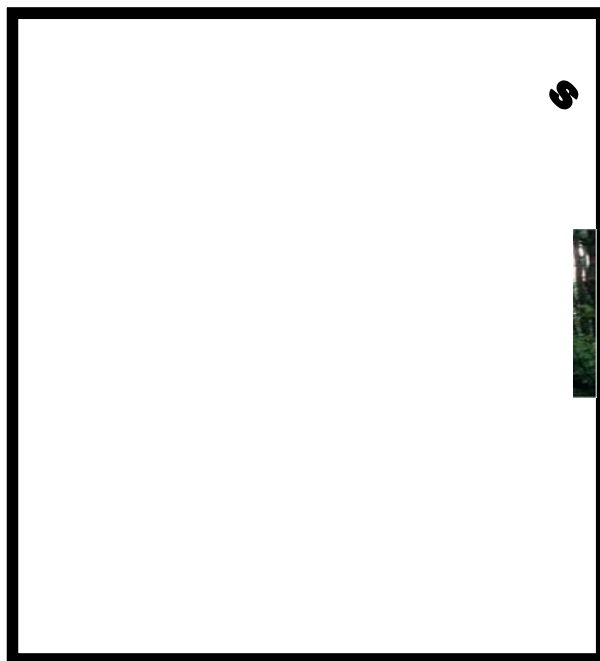

Parents and adults who would like to ski with us that day are welcome and if you book and prepay for your ticket at the school by Wednesday, the school can purchase your ticket for you at a discounted rate. The price when purchased through the school is **\$58**

Monaro Small Schools Arts Festival

Our performance is fast approaching. We are putting in a lot of effort to practise our performance piece and students are trying very hard! The tickets are available now at the front office and they are \$5 per adult.

Interschools Ski Races

We have a small team of skiers who will be competing for our school in the alpine event at the interschool ski races at Perisher on Thursday. Good luck to them

After School Sports

After School Sports has been organised for Monday afternoon this term and we will have Stuart back with us to teach Circus Skills and Golf, over the course of the term. If you would like your child to participate a permission form needs to be filled out and returned to the school by Friday.

The After Schools Sports sessions will commence next Monday the 1st August. Students remain at school after school and enjoy a healthy snack. The sport session finishes at 4:45pm. Children can then be collected from school.
