Principal's Message

What a big week Adaminaby Public School has just had. Not only did we do an awesome job with cupcakes on Monday, we also had an amazing day on Wednesday with our Science Day! We were dazzled by liquid nitrogen, challenged by programming robots, mesmerised by making our own slime and captivated by minibeasts crawling over our arms. Despite the rain, the day ran well, with 220 children moving about the school and following a complex timetable. We were also well fed by the P&C, who did an amazing job. A big thankyou to Richard and Peter, who cooked over 100 burgers and Linda, Maureen, Kelly, Wendy, Rob and Gil, who kept the whole lunch running like clockwork.

School Skiing Program

We are off to Thredbo for school skiing this Friday. Please see the attached information note.

Interschools State Skiing

Good luck to our 3 boy students, who will race on Saturday for our school, at the state level of the Alpine Interschool Ski Races.

School A to Z

Principals, teachers and school administrative staff are encouraged to point parents to a new purpose-built resource that includes a website, mobile applications and social media channels.

The School A to Z online school community provides practical advice about homework, tips on learning, wellbeing, technology and resources to help parents and carers support their child's social, physical and mental development.

The resource includes a free mobile application for iPad and smartphones that features hundreds of definitions about maths and English terms, illustrated examples and instructional videos, information on common assignment topics, educational maths and spelling games.

School A to Z includes: Forums on Facebook and Twitter to allow parents to share experiences, tips and hints online, printable homework help sheets, A-Z lists of English, maths and technology definitions, assignment starters on popular classroom topics, translation aid for users from non-English speaking backgrounds.

The website site also offers a school guide area and a technology section with information and resources on how to keep kids safe online, along with a healthy lunch box recipe section and information on health and wellbeing.

Woodwork

Students have done some sensational work with Bob Piper this term in woodwork. They have made stools and the results are simply stunning. A big cheer to Bob for all of his time and help with this wonderful woodwork program.

School Assembly

The next school assembly will be on 2nd September

RSPCA Cup Cake Day

We were simply overwhelmed by the response to our request for cupcakes on Monday. Thank you to all the parents and students who made cupcakes. The school raised \$164.50 for the RSPCA.
